Introduction

The voices of disabled people are important.

The community should be accessible for people with a wide range of needs:

Physical needs.

Sensory needs.

Learning needs.

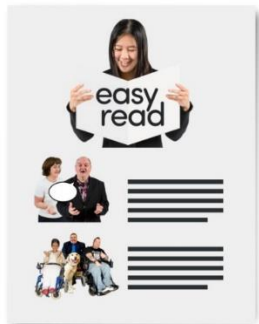

Neurodiversity.

The community should be accessible for people with a wide range of needs:

Social Democrats

The UNCRPD

The Social Democrats believe in the UNCRPD

Disabled people should be included in public meetings.

Meetings should be accessible.

Disabled people should be included in the planning of new buildings.

Better Accessibility

Councils should have a Disability Access Officer.

The Disability Access Officer and councillors should work together.

**Social
Democrats**

We will make sure:

Buildings are accessible

Footpaths are accessible.

Information should be available in Plain English and Easy Read.

Council staff should have disability training.

Housing

We want to have more accessible homes.

We will ask what disabled people need.

We need more social housing for disabled people.

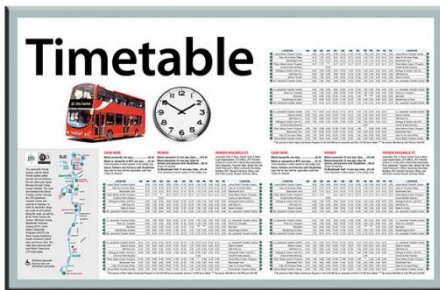

We need more grants to make houses accessible.

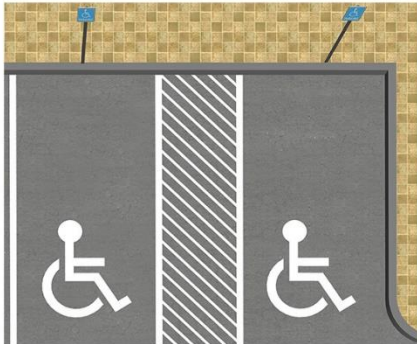

Transport

Councillors will fight for more accessible transport

We need more frequent transport and transport should join up.

We need more disabled parking spaces.

We will make sure footpaths are repaired.

Access to amenities

Community facilities should be accessible.

Playgrounds should be accessible.

All beaches should have a beach wheelchair.

We need for accessible toilets and changing places.
